DEWEY'S INDECISION.

Is Dewey's refusing to declare himsel a Republican or a Democrat a source of strength or weakness to his possible candidacy for president? Ordinarily a man who tries to avoid taking sides gets no recognition in politics. But it is re called that David Davis, of Illinois, was made United States senator, president of the senate and chairman of the electoral commission in the Hayes-Tilden contest, because he was an Independent rather than a partisan.

The secret of Dewey's indecision behe is a man of action rather than of in demonstration of ability to decide ner. what is right at the critical moment halo of his glory for party purposes.

One thing the people may be confident of: No man like Mark Hanna or Alger would run Dewey as president, present a report of the discourse, He would come as near being a real president in his very own personality as Grover Cleveland was. Dewey's apparto be used for partisan purposes. As a inflamed you have a rumbling sound matter of fact, from political history, or imperfect hearing and when it is entirely closed. Does the dignity and interests of Oregon require such an expense? Gov. Geer is a poor nan. It is not assumed that he foots the bill for the expedition to see the resident and the other governors.

Would Gov, Geer as a farmer let three hired men off for a week or ten days at his expense? Hardly. Of course, it is sumed that railroad passes are fur nished. But does not that incur an ol ligation on the part of the state?
